NEXXCHANGE

Nexxchange (nexxchange.com) is an independent Austrian provider of golf IT and "Software as a Service" solutions for golf course operators and small/medium size golf federations.

The company has invested more than 25 man-years in the development of the marketable solution. We serve more than 60 businesses in more than 5 countries across Europe.

The state of the art software consists of a B2B "software as a service" solution, the "GolfFederationSuite" and the "GolfSuite", both purely web-based, fully integrated, with all modern functionalities for professional federation / club administration and management.

- Customer and member administration
- Management of direct or indirect memberships of federations including a comprehensive billing module and CRM functionalities
- Tournament organisation on federation and club level, including handicap-effective and non effective tournaments.
- Handicap-administration on federation and club level. Fully pursuant to the rules of the EGA handicap system in the versions of the national golf associations.
- Control functions for automatic / manual transfer of tournament results to the hcp master data sheets.
- API integration with the website of the federation (Official HCP list) and API for player related data
- Data-Bridge between federations established at Nexxchange
- Ordering system of federation ID cards
- Tournament widgets for federation and club websites, players can register and pay the tournament registration fee online
- Ready for World-Handicap-System
- Multi-Language Support (available in more than 10 languages, English, Spanish, German, French, ...)
